

### **DPG Youtube channel**

DPG has had its own YouTube channel for some time now. The purpose of this is to share special games and gameplay of DPG players. In addition, this of course has a recruiting character for new members of our clan.

Have you played a special game yourself, alone or in a platoon? Send the replay to [wotreply@ziggo.nl](mailto:wotreply@ziggo.nl). Patrick (Breezer66) will then judge it and after editing post it on Youtube.

The search term on Youtube is Dutch Panzer Group.

### **Boosters at skirmishes tier 8**

The field commanders of both DPG1 and DPG2 can activate a clan booster during a skirmish involving at least 8 players from their own clan. So if you are in such a team, you can ask your FC for it. He can turn them on.

These clan boosters do not apply to reservists: those are players who have not been active in team battles for some time and do not come to the DPG TS: As a result, they have no active contribution to the clan, so they do not benefit from the advantages. Moral? Come on TS and take part in team battles!

### **Equipment for new tanks**

We regularly receive questions about which equipment you can best put on a particular tank. This information is also available on the WoT Wiki:

[https://wiki.wargaming.net/en/World\\_of\\_Tanks](https://wiki.wargaming.net/en/World_of_Tanks)

Of course this concerns advice; in the end you have to see for yourself what suits you best.

### **DPG1 on the Global Map**

A new campaign on the Global Map is expected to start on January 13, 2021. DPG1 will ride on tier X. We are still looking at the possibilities for DPG2 to drive on tier 8.

### **Expansion of DPG1 stronghold**

Recently it has been possible for individual players to make a donation of blocks in the stronghold. We use these blocks to create artillery attacks and clan boosters.

You can contribute 25,000 blocks (the same amount we get for a won offensive at SH) for 1,500,000 credits. So if you can miss that amount of credits, we keep ourselves recommended! For more info ask Marco (Rincewind) or Marc (Klavertje007)

### **Team training extended due to success!**

On Friday December 18 last. we did a team training again. 18 Members have enthusiastically plunged into the Westfield map.

On Friday, January 8 at 8.30 pm, a team training will be organized for all DPG Members.

Under the guidance of Jos Schmitz, we will then further deepen the Sandriver map and tackle a number of other issues. Check out our FB page for further announcements!
